ABSTRACT

Gresik has a variety of artistic cultures that have been passed down from generation to generation, one of which is the art of Pencak Macan found in the mud village, the art of Pencak Macan is a procession held at weddings that tells about the twists and turns of married life. According to the management of the Gresik Mud Traditional Arts Association, Achmad rofiqi, the pencak tiger art culture is threatened with extinction because the development of time and technology and the Digital era has made the younger generation increasingly forget about traditional arts. Based on the above problems, the author designed a comic to be a medium for promoting the culture of pencak tiger to the younger generation of Gresik City. The research was conducted using a descriptive qualitative research method, the output of this design is in the form of a weebtoon comic that is currently popular with the younger generation, with supporting media that optimizes the promotion of the pencak tiger culture.
