ABSTRACT

his study aims to examine the influence of various factors that influence the compliance of individual taxpayers in fulfilling their tax payments, namely by paying taxes in Gresik Regency. The use of the dependent variable to be used in this study is the modernization of the tax administration system (MSAP), then tax sanctions (SP) and taxpayer awareness (KsWP) and finally tax knowledge (PP). The population of this study uses individual taxpayers who have registered and then uses a convenience sample type to obtain as many as 120 respondents. Using a survey method technique for distributing questionnaires. The results of the analysis state that the variables of modernization of the tax administration system (MSAP), tax sanctions (SP) and taxpayer awareness (KsWP) have an influence on taxpayer compliance.

Keywords: taxpayer compliance, modernization of the tax administration system of tax sanctions, taxpayer awareness, knowledge of taxation.
